

Satellite Meeting

PS07 14th International Congress on Photosynthesis

*Imaging and Integrating Heterogeneity of Plant Functions:
Functional Biodiversity from Cells to the Biosphere*

- Chlorophyll fluorescence
- MRI imaging
- Imaging dynamics of leaf and root growth
- Functions of spatio-temporal heterogeneity
- Remote sensing

We recommend
Ryanair flights
Glasgow (Prestwick)
to Düsseldorf direct.

**July 29 - 31, 2007,
Forschungszentrum Jülich,
Germany**

A 2-day meeting to
explore newest practical
and theoretical
approaches to imaging
plant functions in the soil-
plant-atmosphere
continuum at cell, tissue,
whole plant, stand and
global scales

Participation limited;
registration fee 100 Euro

For information and
registration contact
Prof Dr Uli Schurr
a.lorenz@fz-juelich.de
tel: 02461-61 4819
fax: 02461-61 2492

Organised by

Ulrich Lüttge, Barry Osmond, Uwe Rascher, Uli Schurr,
Susanne von Caemmerer and Achim Walter

Sponsored by Deutsche Akademie der Naturforscher
Leopoldina, Halle, and Forschungszentrum Jülich
