

SOCIETY FOR EXPERIMENTAL BIOLOGY PRESENTS:

2026 ANNUAL CONFERENCE

FLORENCE, ITALY

7-9 JULY 2026

SEBIOLOGY.ORG

#SEBCONFERENCE

FLORENCE 2026

PLANT BIOLOGY SESSIONS

- International Plant Systems Biology
- Talking About Resilience: Volatile Organic Compounds In Plant Communication
- Plant Epigenetics Across The Scales: Development And Plasticity
- Insights Into Multi-Scale Plant Environmental Physiology: PEPG At 50
- Harnessing Plant Associated Microbial Communities For Plant Stress Resilience
- Sirnas And Long Noncoding Rnas In Plant And Animal Development
- Epigenetic Tools: From Observation To Causality
- Open Plant
- PEPG 50th Celebration
- Complexity In Plant Genomes: From Making To Expression
- Plant Robustness From Molecules To Ecosystems
